Subject: RE: URGENT- Clean Treat visit opportunity

Morning

I can make 9am on Monday, I think it is important to flag a couple of points. We would expect to follow this up with a visit to the warehouse with relevant staff (our chemists), however having spoken to [redacted], whilst a visit to the lab in a warehouse would be worthwhile it would obviously be much better to see the lab in situ on the vessel.

Given the above and the fact that [redacted] can no longer make it, would it be possible to include [redacted] on the visit? We understand that a chemist won't be available on the day, but still think [redacted] seeing the lab in situ would be of benefit.

Thanks

Subject: URGENT- Clean Treat visit opportunity
Importance: High

Hi Everyone,

My apologies for the short notice of this but I have just heard the Clean Treat boat is coming back to Leith this weekend. If you wish to see Clean Treat on the deck of the boat there is an opportunity **at 9am on Monday morning (30th) at Leith docks**. This invitation is limited to the recipients of this email as we have H&S restrictions and cannot manage a large party of people. The Clean Treat system will be removed from the deck from lunchtime onwards. This is the last opportunity ahead of any trials in the UK, as we have now completed our planned trials in Norway. The Clean Treat system and lab will be in a warehouse after this date so could be viewed then. Please note that the tour would be given by some of our Clean Treat team but there will be no chemist available.

I you would like to visit please could you let me know by tomorrow at 5pm.

Again, sorry for the short notice.

Kind Regards
